"Black culture has always been oppositional and is all about finding ways to creatively resist oppression here, in the most racist country in the world [the United States]. ## INFO ON BOOKS

We've got a small library full of 'em. Request books by category. We're all volunteers working with a stock of donated books so the selection is ever-changing. Example: "I am interested in books on History (especially about wars) but also like stuff about Politics (the more recent the better.) If you happen to have anything on Kennedy, great." I'd also like the following Zines from the Zines by and for OH Prisoners section in this catalog, they are: Criminal Law Forms and..."

## INFO ON ZINES

What's a zine? A zine is a short pamphlet or book that's about 15 to 50 pages long. Anyone can write one and we have a whole section dedicated to zines written by Ohio prisoners. Zines provide a chance to study specific topics like Black Liberation or Indigenous Rebellion more broadly. Prisoners have used this resource to form study groups and organize on the inside.

Request zines by title, noting their section from the list in this catalog.

## THANKS

Thanks for writing! We like freedom and hate prisons. We also like art and have a whole wall dedicated to art people have sent us. It's a source of inspiration to us all.

## ZINE library

\* Favorites are starred

This library was started in 2008. We continue to add to it and sort out things we don't like. Some of these Zines are older, some are newer, some are heavier on theory than others. The "Zine's by & for Ohio Prisoners" section may be especially useful. \*Favorites are starred.

## Zines by & for Ohio Prisoners

"The degree of civilization in a society can be judged by entering its prisons." - Dostoyevsky  
If what Dostoyevsky says is true - and I believe it is - then America, which boasts the largest prison population in the world, is perhaps the most uncivilized country there is. A bold statement, I know, especially coming from someone who has spent the past 23 years behind bars. But if what Dostoyevsky says is true, then what happens inside these places is crucial to understanding what kind of society we live in; and who better to speak to the reality of prison life than someone who is living the experience?" -Bomani Shakur
